Memo to File:

RE: White River Shale Oil Corp.
White River Shale Project
ACT/047/017
Uintah County, Utah

On July 13, 1982 a meeting was conducted at the WRSOC office. Those in attendance were: Ralph DeLeonardis and Jim Godlove from WRSOC; Robert Lopez and Jim Piani from the BLM State Office; Don Johnson and David Oberwager from the Oil Shale Office (OSO); and Carolyn Driscoll, Sally Kefer, Pam Grubaugh-Littig and Tom Portle from UDOGM. The purpose of the meeting was to discuss bonding of the project and to receive WRSOC's response to the Division's review letter.

The bonding issue was partially resolved via a suggested course of action.

- 1) A MOU would be drawn up with BLM to allow signoff from Utah Board and Division of Oil, Gas and Mining. OSO and OGM would jointly inspect the WRSP property to insure adequate reclamation.
- 2) An incremental bond would be proposed by WRSOC and reviewed by OGM prior to requesting Board approval.

WRSOC desires this incremental bond approach in the form of conditional approval for the full Phase I permit contingent upon bond updating prior to any work beyond the previous increment of work or time frame.

THOMAS L. PORTLE *TLP*
RECLAMATION SOILS SPECIALIST
